PINVEST LLC ("PINVEST") is a registered investment adviser located in Miami, FL. PINVEST and its representatives are in compliance with the current filing requirements imposed upon SEC-registered investment advisers and on those states in which PINVEST maintains clients. PINVEST may only transact business in those states in which it is registered or qualifies for an exemption or exclusion from registration requirements. PINVEST's website is limited to the dissemination of general information pertaining to its advisory services, together with access to additional investment-related information, publications, and links. Accordingly, the publication of PINVEST's website on the Internet should not be construed by any consumer and/or prospective client as PINVEST's solicitation to effect, or attempt to effect transactions in securities, or the rendering of personalized investment advice for compensation, over the Internet. Any subsequent, direct communication by PINVEST with a prospective client shall be conducted by a representative that is either registered or qualifies for an exemption or exclusion from registration in the state where the prospective client resides.

For information pertaining to the registration status of PINVEST, please contact the SEC (or check online at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov)), or the state securities regulators for those states in which PINVEST maintains a notice filing. A copy of PINVEST's current written disclosure statement discussing PINVEST's business operations, services, and fees is available from PINVEST upon written request.

Past performance may not be indicative of future results. Therefore, no current or prospective client should assume that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by PINVEST) made reference to directly or indirectly by PINVEST in its website, or indirectly via a link to an unaffiliated third-party website, will be profitable or equal the corresponding indicated performance level(s). Different types of investments involve varying degrees of risk, and there can be no assurance that any specific investment will either be suitable or profitable for a client or prospective client's investment portfolio. Historical performance results for investment indices and/or categories generally do not reflect the deduction of transaction and/or custodial charges, the deduction of an investment management fee, nor the impact of taxes, the inurrence of which would have the effect of decreasing historical performance results of those indices.
